MESSAGE

Indian Oil Corporation Limited is one of the greatest success stories of the Indian public sector. The Company has played the admirable role of a nation builder in the past five decades, touching the lives of each and every Indian.

From a fledgling company born in 1959, it has charted an exceptionally illustrious path to emerge as one of India's most valuable companies, and counted among the top 20 petroleum companies of the world.

Today, Indian Oil can be proud of its extensive operations spread across 10 of India's 20 refineries, a 10,000 KM cross-country pipelines network, a world class Research & Development Centre hailed as Asia's finest, and a countrywide marketing network that serves the remotest corners of the country. Besides, its core business, IndianOil, while meeting its Corporate social responsibility, has done a highly commendable job in improving the lives of people in many parts of the nation, especially in the vicinity of its installations. These achievements have been possible due to the exemplary vision of its management, dedication and hard work of its employees.

With a slew of new world-scale projects under execution, Indian Oil is poised for a new cycle of growth in the years ahead. I take this opportunity to congratulate all the employees, past and present, and wish them greater glory in the years to come.

Jai Hind !

(Murli Deora)
