Message

It is a matter of great pleasure that Indian Oil Corporation Limited is all set to celebrate its Golden Jubilee. In the 50 years since its establishment, the organization has played a vital role in the nation building, fuelling growth of the economy and adapting itself to meet the rising energy needs of the nation of more than one billion people.

Whether it is a dominant share in national refining capacity, an extensive pipelines network, cutting-edge R&D or accounting for nearly half of India's petroleum consumption, Indian Oil has more than met its mandate of achieving self-sufficiency in downstream operations for India. With several crucial initiatives on the anvil as part of its ambitious plans for expansion across the hydrocarbon value chain, Indian Oil is poised to grow and expand even faster in the years to come.

I congratulate the past and present management and employees of this great company, a true jewel in the India's corporate crown, and convey my best wishes for continued success in the years to come.

Jai Hind !

(Jitin Prasada)
